

THE FOURTH AT MANILA.

The Inauguration of American Civil Rule in the Philippine Archipelago.

JUDGE WM. F. TAFT ASSUMES THE REINS

A Message of Encouragement From President McKinley—Gen. Chaffee Assumes the Chief Military Command and Gen. MacArthur Sails En Route for Home.

Manila, July 6.—Civil government was inaugurated in the Philippines Thursday. The weather was cloudy, but this did not dampen the enthusiasm of the crowd of 5,000 which assembled in the palace square an hour before the commencement of the ceremonies. Promptly at nine o'clock a party of civil, military and naval dignitaries joined the consular corps and distinguished natives and Americans in the grand stand.

Gen. MacArthur opened the ceremonies. He said: "Fulfilling the president's order, it becomes my duty to transfer certain civil functions to the first civil governor, Mr. William H. Taft."

A feature of the inaugural address of Gov. Taft was the announcement that on September 1, 1901, the commission would be increased by the appointment of three native members, Dr. Wardo Detavera, Donato Legaria and Jose Luzuriaga. Before that time departments will exist as follows, heads having been arranged for thus: Interior—Worcester. Commerce and Police—Wright. Justice and Finance—Ide. Public Instruction—Moses.

Chief Justice Arellano then administered the oath of office to Gov. Taft in absolute quiet, which was followed by the booming of cannon, the wild cheering and the playing of national airs. The new governor's address was a brief historical, straightforward review of military and civil conditions in the islands and the possibilities of their development.

Gen. Chaffee announced his staff and the heads of departments as follows:

Military secretary, Capt. Grose Hutcherson, of the Sixth cavalry; aide, Capt. Lindsey, Lieut. Roy Harper, of the Seventh cavalry; adjutant general, Col. Thomas H. Barry; inspector general and chief of staff, Col. Hanger; judge advocate, Col. Stephen V. Goebbeck; chief quartermaster, Col. Charles F. Humford; ordnance officer, Col. Russell. The other members of his staff have not been changed.

The closing event of the celebration of the Fourth of July was a reception in honor of Gen. MacArthur at the residence of the civil governor. Mesdames Taft and Chaffee assisted in receiving the guests.

The United States army transport Meade sailed Friday morning for Nagasaki, with Gen. MacArthur and the members of his staff on board.

Gov. Taft's Address:

"This ceremony marks new steps toward civil government, the ultimate step of which will be taken by congress. Of twenty-seven provinces that have been organized, five are still in a state of armed insurrection, and hence will remain under the control of the military governor. There are sixteen provinces entirely free from insurrection, which the commission lacked time to organize. The conditions under which the municipal governments will have their first test are trying. Four years of war and the ravages of cattle and locust pest have impoverished the country and crippled agriculture. "With today's change to civil government you must stand alone, not depending on the army to police the provinces. Congress has delayed to pass provisions for the sale of public land and mining franchises, all that is necessary to give the country the benefit of American and foreign enterprise. Our most satisfactory ground for expecting the success of this experiment is the universal desire for education. Without assuming to express an opinion on the Porto Rican case, I venture to state that the supreme court decision will be most beneficial to the Philippine, as the application of a high protective tariff in connection with the trade and manufacturing conditions in the United States would be a hardship. "The conduct of the civil and military branches of the government under independent heads is a delicate matter, depending on the fullest co-operation of the military and civil arms. I believe that there will be the same co-operation in the future as in the past. While proud and grateful, it is with no exultant spirit, it is with confidence that I begin my new duties. I rely upon the courage, energy and ability of those sharing my responsibility."

Message From the President.

Gov. Taft received the following dispatch from President McKinley: "Upon the assumption of your new duties as civil governor of the Philippine Islands I have great pleasure in sending congratulations to you and your associate commissioners, and my thanks for the good work already accomplished. I extend to you my full confidence and best wishes for still greater success in the larger responsibilities now devolved upon you and the assistance and cooperation of my countrymen, of good will, for the people of the islands and the hope which it is our purpose to develop among them may lead them to a more advanced, happy and prosperous."

A Monster Beef Roast.

Philadelphia, July 6.—The big dressed beef storage warehouse of A. A. Jewett & Co., Philadelphia agents of Swift & Co., of Chicago, was almost entirely destroyed by fire Thursday, entailing a loss of \$300,000.

SEVERAL PERSONS INJURED.

Collision of a Buffalo Street Car with a Coal Train at a Crossing.

Buffalo, N. Y., July 6.—A north-bound car on the Main street line smashed into a New York Central coal train at the Jewett street crossing. The car was crowded with passengers, and several were injured. John Ruskey was hurt internally. John Herr and Mrs. H. P. Blaker, of Brooklyn, were severely injured. Others suffered minor injuries.

Fourth of July Casualties.

Chicago, July 6.—The Tribune prints reports from all over the country showing the number of persons killed and injured as a result of celebrating the Fourth of July.

The number actually killed is less than last year, being 19 against 30 then, but the number of injured is considerably larger, the figures being 1,611 against 1,225.

The real list of fatalities will, however, not be known until the number of deaths resulting from lockjaw caused by toy pistol wounds come in.

A YOUTHFUL MURDERER.

A Thirteen-Year-Old Lad Kills a Playmate and, Seeing What He Had Done, Hanged Himself.

Albany, N. Y., July 6.—Raymond Albers, a 13-year-old lad, last evening shot and killed Emanuel Koehler, a boy of 12 years, and then hanged himself. The boys were playmates, and according to statements of neighbors, they had quarreled some days ago. Albers is the son of Albert Albers, a well-known painter, and Koehler is the son of Rev. John T. Koehler, a minister of the Gospel.

The shooting took place at six o'clock last evening. Young Koehler was standing on a fence in the rear of Albers' house. He was with his eight-year-old brother, Theodore, who was the only one who saw the shooting. The little fellow told his father last night that the two boys had some words, and that Albers raised a rifle that he had and, pointing it at his brother, shot him. The boy says that Albers, when he saw Koehler fall from the fence, said:

"I'm sorry I did it."

The rifle used was a 22 Flobert rifle of short caliber. The ball struck Koehler in the left breast and passed through his heart. He died almost instantly. When Albers saw what he had done he ran into the house and told his mother. The neighborhood was quickly alarmed with the news, and, during the excitement, Albers ran away. It was not until the arrival of the police that a search was made for him. He was found in the cellar of his home, suspended by the neck from the end of a rope tied to a beam. When he had learned that Koehler was dead Albers went to the cellar, and, taking a piece of rope, tied it to a beam and standing on a cask, fastened it about his neck. He then jumped from the cask and was suspended in mid air when found. When cut down he was still alive, but he died a few moments later.

THE WAGNER TRAIN ROBBERY.

Forty Thousand Dollars Taken—The Pursuit of the Robbers—Were Experienced Hands.

St. Paul, Minn., July 6.—General Auditor D. B. Elliott, of the Great Northern Express Co., said yesterday that the exact amount of the loss by the hold-up at Wagner, Mont., on Monday last, was \$41,500. All but \$300 was recovered from the robbers. The train was en route from Washington to the Montana National Bank of Helena, the rest being Great Northern money in the through safe. The consignment to the Montana bank consisted of bank notes printed in sheets of \$10 and \$20 bills. Only nine were signed by the president and cashier of the bank, but all could be readily passed without their signatures.

Mr. Elliott received information yesterday that the identity of the men who robbed the express safe had been established by Pinkerton men sent from St. Paul. He did not care to give out their names until satisfied that the detectives had made no mistake.

"If the Pinkertons are right," said he, "the men are experienced hands and have held up trains on other roads."

The report that the robbers had been surrounded, Mr. Elliott said, was not verified by information received by Great Northern officials. Their horses were chased by a posse about fifty miles south of Malta, Mont. Officials of the express company believe that the men had fresh mounts and suppose they eluded their pursuers and are now in the Little Rocky mountains, a wild country well supplied with hiding places. The district will be guarded by a picket line and the authorities hope to capture the men when they try to get out. A party of cowboys has started north from Lewistown, in the Judith basin, to intercept the robbers should they continue southward from the Little Rocky mountains.

PACKAGE OF BONDS MISSING.

An Express Driver at Topeka, Kas., Loses a Package Containing \$2,000 in Bonds.

Topeka, Kas., July 6.—Several days ago a driver for an express company received an ordinary large-looking envelope to be dispatched from Topeka to Hiawatha, Kas. When he reached the express office, the driver discovered that the envelope was missing. Returning to the sender, he learned that the envelope contained \$2,000 in bonds of the city of Hiawatha, Kas. The envelope has not been found. Payment on the bonds has been stopped.

BRAINED BY A MANIAC.

Terrible Deeds of J. E. McConkey, a Young Missouri Farmer, Supposed to be Insane.

St. Joseph, Mo., July 6.—A special to the Daily News from Albany, Mo., says: E. McConkey, a young farmer, brained his neighbor, John Bryant, and Bryant's son with a club. He shot himself after the murder, but is still alive. McConkey is supposed to be insane.

SHE SUSTAINED NO DAMAGE.

The British Transport Montfort, Stranded in the Mud, Got Off Without Damage.

London, July 6.—An investigation of the story published by a news agency in the United States that the British transport Montfort had been wrecked off the Isle of Wight, shows that the transport, which grounded on a mud bottom, was floated off Friday morning, and proceeded to Southampton without having sustained any damage.

Big Saw Mill Dynamited.

Frankfort, Ind., July 6.—Last night the big sawmill belonging to Seth Ratcliff, at Middle Fork, was destroyed by an explosion of dynamite. The friends of Ratcliff claim that the deed resulted from the fierce saloon fight at Russellville, which finally resulted in John R. Mason being sent to jail and the refusal of Gov. Darbin to pardon him. Ratcliff took a prominent part in the fight against Mason, and it is claimed that he received many threats, both personally and by mail.

AN IMPORTANT CAPTURE.

Belarmino, An Insurgent Leader, and a Thousand Men Rounded Up and Captured.

ARMS AND AMMUNITION BROUGHT IN.

The Second Infantry Drove the Command Across the Mountains in Sorsogon, and the Sixth Cavalry, Under Col. Wint, Gobbled Up the Entire Outfit.

Manila, July 7.—The forces of the insurgent leader Belarmino, which recently have been operating around Donsol, Province of Sorsogon, were driven across the mountains by the Second infantry and finally captured by the Sixth cavalry. Belarmino with 1,000 men and 214 guns, surrendered to Col. Wint, at Albay, capital of the province of that name. One hundred more rides will be surrendered.

Official Announcement.

Later in the day the official announcement of the surrender of Belarmino was made. According to this account Belarmino, who has been operating in the province of Sorsogon, surrendered, Thursday last, at Legaspi, on Albay bay, with 32 officers, 315 guns and 3,000 rounds of ammunition. The insurgent president of that section of the country and many Filipinos accompanied Belarmino, who gave himself up to Col. Theo. J. Wint, of the Sixth cavalry. In all, since June, 1,082 insurgents have surrendered in that district. Col. Wint's regiment came from China with Gen. Chaffee. Before disembarking at Legaspi, Col. Wint went to Gen. Chaffee and asked the latter if he desired him to clear up that part of the country. Gen. Chaffee replied: "Yes, but I do not command until July 4." In three weeks Belarmino was cornered in spite of the theories of many officers that cavalry could not be used in effective operations in such a country.

To Negotiate with Malvar.

The insurgent Gen. Calles, who surrendered at Santa Cruz, Laguna province, June 24, and his friends have offered to negotiate with Malvar, the insurgent leader in southern Luzon, for the latter's surrender. Former Filipino officers who belonged to Malvar's command report that 30 insurgents were killed and that many were wounded by the command of Lieut. Maraci during a recent two-day fight in the province of Batangas.

The Twentieth infantry has been ordered from northern Luzon to Batangas.

Civil Gov. Taft and Military Gov. Chaffee are working agreeably together. They are holding informal conferences and are arriving at mutual understandings, a state of affairs hitherto almost unknown here.

SAW THE SULTAN OF SULU.

Capt. Smiley, of the Fifteenth Infantry, Describes the Appearance of the Sultan.

New York, July 7.—Capt. S. E. Smiley, of the Fifteenth infantry, returned recently from the Philippines, having been on the staff of Gen. J. C. Bates, said of his visit to the sultan of Sulu at his island capital: "The sultan, the day I saw him, wore a dress suit, without collar or cuffs. For headgear he had a skull cap on, in the front of which was set an enormous diamond. He is a little man with a no more striking personality than is given him by his costume. When standing he hardly comes above the elbow of the average American."

Capt. Smiley has been transferred to Madison barracks.

INHUMAN ATROCITIES.

Boers Go Over Battlefield and Murder Wounded British Soldiers.

London, July 8.—The Daily Mail gives sensational prominence this morning to mail advices from Vlafoenstein, which attribute to the Boers inhuman atrocities which the censor would not allow to be described by cable.

"A couple of Boers," says the Daily Mail's correspondent, "who were armed with Martini walked around among the dead and dying. Some they turned over to see if they were dead. If it were otherwise, then one or the other of the Boers shot them as you would shoot an ox. I saw four killed in this way. One youngster pleaded for his life. I heard him say: 'Oh, Christ, don't,' and then, bang, went the rifle. That is what happened."

The Daily Mail protests vigorously against the suppression by the censor of such details.

ATTACKED BY THREE BEARS.

A New Mexican Sheep Herder So Badly Mangled by Bears That He Died.

Albuquerque, N. M., July 7.—While herding a flock of sheep on the range between Cebollitas and Ojo San Francisco, about 35 miles northeast of Albuquerque, Saferino Jaramillo was attacked by a large female bear and her two cubs. His head and body were frightfully scratched and torn, and he died when being taken to his home in Los Duranes.

Found the Law Unconstitutional.

Fort Scott, Kas., July 8.—A jury of the most prominent business men of Fort Scott was just four minutes in finding one of the state's new liquor laws passed as a result of Mrs. Nation's crusade unconstitutional. It was the injunction law, which authorizes county attorneys to summon and examine witnesses touching their knowledge of the violation of the law. Dan F. Campbell, an attorney, who was summoned, refused to testify and was arrested. The jury acquitted him, though he admitted the charge.

GONE HOME TO RECUPEKATE.

Mrs. McKinley Leaves Washington for Canton—A Goodly Company "See Her Off."

Washington, July 6.—President and Mrs. McKinley left Washington last night for their former home at Canton, O., where they are to spend the remainder of the heated term, except that the former may visit the Buffalo exposition and run on to Washington for a few days. They are accompanied by Secretary Cortelyou, Dr. P. M. Rixey, several clerical attaches of the White House, and servants. The party occupied the private cars Olympia and Hungary, the president and Mrs. McKinley being assigned to the former. The party is due to arrive in Canton this forenoon. Mrs. McKinley, as she boarded the train, showed unmistakable evidences of her recent severe illness in the thinness and pallor of her face, but she moved with alacrity from the carriage, boarded the train without any material assistance and appeared to be in a contented and cheerful state of mind and quite at ease during the 15 minutes preceding the departure of the train. She cordially acknowledged the greetings of the friends who had assembled at the station.

The weather last night was extremely sultry, but Dr. Rixey does not think it will have any serious effect on Mrs. McKinley, as the mountainous country, with its cool breezes, was reached during the early evening.

There was a considerable number of people at the station, mostly ladies, who came to see the party depart. Those in official life who came included Secretaries Root and Hitchcock, Comptroller Dawes and the ladies of their families.

Occasional visits at intervals of several weeks will be made by the president to the capital to dispose of any accumulated business demanding his attention.

HAZEN S. PINGREE'S REMAINS.

Lying in State in Detroit's City Hall and Viewed by Thousands of Citizens.

Detroit, Mich., July 6.—Thousands of sorrowing friends and admirers of Hazen S. Pingree, former governor of Michigan, passed in line through the corridor of the city hall, where the former governor's body lay in state, amidst a profusion of beautiful flowers.

The special car containing the body and the party of Detroiters who went to New York to escort the remains to this city, arrived over the Michigan Central at 8:25 a. m. Detroit post, G. A. R., of which Mr. Pingree was a member, was drawn up at the station when the train arrived. The casket containing the remains was taken to the city hall. The exterior of this building was appropriately draped with black and the national colors. The long corridor running from Fort street to Michigan avenue was banked in palms and hung with funeral black.

In the center of the corridor a catafalque had been erected, and here the casket was placed with an American flag draped over it, and citizens silently filed by. A military guard of honor stood near the casket.

VANQUISHED BY LEANDER.

The University of Pennsylvania Crew Beaten by Leander By a Lengthy Only.

Henley, July 6.—To the disappointment of all the Americans at Henley, the Leander rowing club crew defeated the crew of the University of Pennsylvania in the final heat for the grand challenge cup. The Leanders won by a length in 7 minutes 44.5 seconds.

"It was a grand race," said Coach Ward, as the Leander crossed the finish line. "We were simply outrowed and have no other explanation to make."

It certainly was the best and most exciting tussle ever seen at Henley. There was scarcely the advantage of three feet in the Leanders' station.

The cheering for the contestants as they struggled for the lead was terrific. Even Henley had never before heard such wild applause as greeted the Pennsylvanians and the Leanders all down the course and the cheering was delicious from the partisans of the Leanders as the latter's boat crossed the line at the finish ahead of the Pennsylvanians.

EXECUTIVE APPOINTMENTS.

Among Them is Fred V. Martin, of Indiana, an Immigration Commissioner in Porto Rico.

Washington, July 6.—The president has made the following appointments: Frederick V. Martin, of Indiana, to be commissioner of immigration, port of San Juan, Porto Rico. Jacob John Hunker, commander in the navy, on the retired list. Paul E. McDonald and Russell M. Young, assistant surgeons, with rank of lieutenant, junior grade, navy.

LORILLARD MAY RECOVER.

Pierre Lorillard Said to Be Something Better Than When He Landed.

New York, July 6.—The condition of Pierre Lorillard was reported to be slightly better than when he was taken from the steamer Deutschland to the Fifth Avenue hotel Thursday. His son-in-law, T. Sufferin Thayer, said that while Mr. Lorillard's condition was very serious, hope of his recovery had not by any means been given up by his friends.

Had a Pleasant Interview. Washington, July 6.—Hon. H. Clay Evans, commissioner of pensions, called on the president yesterday afternoon to bid him farewell before his departure for Canton. He told Mr. McKinley that he had been taking an inventory of all pension claims on hand; that he would have his annual report ready very soon, and asked the president if he had instructions or orders to give. The president made no suggestions. The interview was an extremely pleasant one, and nothing has developed to change the situation.

KANSAS IRRIGATION LAW.

It Is Declared to be Constitutional and Now the Work of Storage Will Begin.

Topeka, Kas., July 8.—The state supreme court has handed down a decision declaring the Kansas irrigation law to be constitutional and that the condemnation of land by the Pawnee Lake and City Irrigation Co. is valid. This will make it possible to carry into effect the biggest irrigation scheme ever attempted in Kansas—that projected by Barton county, situated in the exact center of the state. The company projecting the scheme sought to condemn land occupying a space 12 miles long and eight miles wide, the old Pawnee lake, for a reservoir. It built a long ditch from the Arkansas river, just west of Great Bend, to the lake, and proposed to fill the lake when the river is high and hold the water until it is needed in the main and lateral ditches in eastern Barton, Rice and Reno counties, the latter two counties adjoining Barton.

Storage has become a necessary part of all big irrigation schemes in Kansas and eastern Colorado, because when the water is most needed the Arkansas river is likely to be dry. The county in which the company is working is a great wheat-growing district, and work on the ditch will now be pushed rapidly to insure the next crop.

The Arkansas river is that over which Kansas and Colorado are now at law, Kansas suing the State of Colorado for illegally diverting the water from that stream and causing it to run dry in the Sunflower state.

CUBAN ELECTORAL LAW.

Endeavoring to Secure Plural Vote for Property Holders and Professional Men.

Havana, July 8.—The Cuban constitutional convention has not yet arrived at an understanding regarding the electoral law. Several meetings were held last week, but very little interest was manifested in the proceedings, many of the delegates being absent. The conservatives are quite hopeless with respect to the rescinding of the universal suffrage clause, and they are now endeavoring to secure a plural vote for property-holders and for professional and business men. In this they are strongly opposed by the radicals.

An objection has recently been raised against drawing up the electoral law until the United States government has approved the constitution, the argument being that it would be useless to draft laws based upon the constitution if Washington is going to make changes in this instrument.

THE PAN-AMERICAN EX.

The Attendance So Far a Disappointment, but Expected to Improve from Now On.

Buffalo, N. Y., July 8.—The total attendance to date at the Pan-American exposition is 1,779,868. The attendance began on May 20, but at that time many features were incomplete and the people remained away. The average daily attendance for June, including five Sundays, was over thirty-one thousand. The excessively hot weather during the last two weeks has had a deterrent influence on the attendance, notwithstanding Buffalo is rated as "the coolest city" by seven degrees, on account of the breezes from Lake Erie. It is believed that July and August will easily bring the total to above five millions, and it will remain for September and October to bring the remainder of the ten millions at which the status of guessers has been set.

At the Chicago World's fair 58 per cent. of the attendance was during the last two months. Eight million paid admissions, with the revenues from concessions, will repay the cost of the Pan-American exposition.

One thing that has perhaps counted seriously against the attendance to date is the short-limit railway excursion tickets, which gives the holder but one or two days at the exposition. Some of the excursion people have expressed themselves strongly against any ticket having a limit of less than 15 days, claiming that two weeks is little enough for anyone who desires to enjoy the exposition as a festival or to profit from it as a great educational institution.
